The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Sec. 1. The legislative power of the Corporation of the City of New York shall be vested in a Board of Aldermen, and a Board of Assistants, who, together, shall form the Common Council of the City.

§ 2. Each ward of the city shall be entitled to elect one person to be denominated the Alderman of the ward, and the persons so chosen, together, shall form the Board of Aldermen; and each ward shall also be entitled to elect one person to be denominated an Assistant Aldermen, and the persons so chosen, together, shall form the Board of Assistants.

§ 3. The Aldermen and Assistant Aldermen shall be chosen for one year; and no person shall be eligible to either office

who shall not, at the time of his election, be a resident of the ward for which he is chosen.

§ 4. The annual election for Charter Officers shall commence on the second Tuesday in April, and the officers elected shall be sworn into office on the second Tuesday in May, thereafter; and all the provisions of law now in force in regard to the notification, duration and conduct of elections for Members of Assembly, and in regard to the appointment, powers and duties of the Inspectors holding the same, shall apply to the annual election of Charter Officers.

§ 5. The first election for Charter Officers, after the passage of this law, shall take place on the second Tuesday in April, one thousand eight hundred and thirty-one, and all those persons who shall have been elected under the former laws regulating the election of Charter Officers, and shall be in office at the time of the passage of this law, shall continue in office until the officers elected under this law shall be entitled to be sworn into office.

§ 6. The Board of Aldermen shall have power to direct a special election to be held, to supply the place of any Alderman whose seat shall become vacant by death, removal from the city, resignation or otherwise; and the Board of Assistants shall also have power to direct a special election to supply any vacancy that may occur in the Board of Assistants; and in both cases, the person elected to supply the vacancy, shall hold his seat only for the residue of the term of office of his immediate predecessor.

§ 7. The Boards shall meet in separate chambers, and a majority of each shall be a quorum to do business. Each Board shall appoint a President from its own body, and shall also choose its Clerk and other officers, determine the rules of its own proceedings, and be the judge of the qualifications of its own members. Each Board shall keep a journal of its pro-

ceedings, and the doors of each shall be kept open, except when the public welfare shall require secrecy ; and all resolutions and reports of Committees, which shall recommend any specific improvement, involving the appropriation of public monies, or taxing or assessing the citizens of said city, shall be published immediately after the adjournment of the Board, under the authority of the Common Council, in all the newspapers employed by the Corporation ; and whenever a vote is taken in relation thereto, the ayes and noes shall be called, and published in the same manner.

§ 8. Each Board shall have the authority to compel the attendance of absent members, to punish its members for disorderly behaviour, and to expel a member, with the concurrence of two-thirds of the members, elected to the Board ; and the member so expelled shall by such expulsion, forfeit all his right and powers as an Alderman or Assistant Alderman.

§ 9. The stated and occasional meetings of each Board of the Common Council shall be regulated by its own ordinances ; and both Boards may meet on the same or different days, as they may severally judge expedient.

§ 12. Every act, ordinance or resolution which shall have passed the two Boards of the Common Council, before it shall take effect, shall be presented duly certified to the Mayor of the city for his approbation. If he approve, he shall sign it, if not, he shall return it, with his objections, to the Board in which it originated, within ten days thereafter, or if such Board be not then in session, at its next stated meeting. The Board to which it shall be returned shall enter the objections at large on their journal, and cause the same to be published in one or more of the public newspapers of the city.

§ 13. The Board to which such act, ordinance or resolution shall have been so returned, shall, after the expiration of not less than ten days thereafter, proceed to reconsider the same. If, after such reconsideration, a majority of the members elected to the Board shall agree to pass the same, it shall be sent, together with the objections, to the other Board, by which it shall be likewise reconsidered, and if approved by a majority of all the members elected to such Board, it shall take effect as an act or law of the Corporation. In all such cases the votes of both Boards shall be determined by yeas and nays, and the names of the persons voting for and against the passage of the measure reconsidered, shall be entered on the journal of each Board respectively.

§ 14. If the Mayor shall not return any act, ordinance or resolution so presented to him, within the time above limited for that purpose, it shall take effect in the same manner as if he had signed it.

struct and lay down, in pursuance of their act of incorporation, a double or single track or rail road, or railway along the 4th avenue, from 23d street to the Harlaem River, in conformity with a map now on file in the Register's office, and a branch thereof along 125th street, from the 4th avenue to the Hudson River, provided that the width of such double rail road or way shall not exceed twenty-four feet.

§ 2. And be it further ordained, that if at any time after the construction of the aforesaid railways, by the said New York and Harlaem Rail Road Company, it shall appear to the Mayor, Aldermen and Commonalty of the City of New York, that the said railways, or any part thereof, shall constitute an obstruction or impediment to the future regulation of the city, or the ordinary use of any street or avenue, (of which the said Mayor, Aldermen and Commonalty shall be the sole judges,) the said Rail Road Company, or the Directors thereof, shall, on the requisition of the said Mayor, Aldermen and Commonalty, forthwith provide a remedy for the same, satisfactory to the said Mayor, Aldermen and Commonalty, or if they fail to find such remedy, they shall, within one month after such requisition, proceed to remove such railway, or obstruction or impediment, and to replace the street or avenue, in as good condition as it was before the said railway was laid down; and should the said Directors decline or neglect to obey such requisition, the said Mayor, Aldermen and Commonalty may, upon the expiration of the time limited in such notice, cause the obstruction or impediment to be removed, and the avenues or streets restored as aforesaid, at the expense of the said Rail Road Company.

§ 3. That the right of regulating the description of power to be used in propelling carriages on and along said railways, and the speed of the same, as well as all other power reserved to the said Mayor, Aldermen and Commonalty by the act of incorporation of the said Company, or any part thereof, be, and the same are hereby expressly retained and reserved.

And further, that the said Company shall make their rail road path, from time to time, conform to what may hereafter be the regulation of the avenue and road through which said rail road passes.

§ 6. That in case the said rail road should not be completed within the times for that purpose in their charter mentioned, or if any time after the construction of the said rail road, the same should be discontinued, or not kept up and in repair as a good and sufficient rail road, that then the strip of land to be taken for the said rail road should be thrown open and become a part of the street, or public avenue, without any as-
